Choosing a Headstone

What colours can I choose from?

We offer headstones in polished granite, premium black, white with speckle, mid grey with speckle, paradiso (pink veined), bahama blue, autumn brown and blue pearl. We recommend visiting our Showrooms to see the different colours and finishes.

Can I select scenes and inscription fonts for my headstone?

Yes. On order, when an inscription is given to us in writing, we will produce a proof of how the lettering will look on your chosen headstone, showing different font styles & layouts. We have over 300 emblems so you can personalise your headstone. We will provide you with a proof and will letter the headstone when you sign off on the inscription. We also provide advice on the lettering colour that will suit best (e.g., black, white, gold or silver).

Can I put a photograph / crest / symbol on the headstone?

Yes. We require a photograph, in colour or black and white, which will be used to prepare a ceramic photograph which can be mounted on to your headstone or accessory. This process usually takes about four weeks. There are various sizes and shapes such as oval, rectangular and heart-shaped available. We also provide all football team crests and life emblems.

What options do I have for the inside of the grave surround?

- Cement over the grave and decorate with stone chippings. We offer more than 15 colours for you to choose from, all on display at our Showrooms.
- Arrangement of a strip across the grave, 2'0 from the top to create a flower bed, in combination with cement and chippings around it.
- Place rockery netting down on the clay and finish with stone chippings or wood bark.
- Decorate the grave surface with peat moss
